

# *It's time to move up a gear!*

**BEWARE Fellowships** programme promotes the international mobility of researchers and allows 75 of them to make **3 years of research** into a Walloon SME and a university, or a university college, or a research centre.

This programme is cofunded by the European Commission and the Walloon Region. A budget of **20 million €** covering the salary of the researcher and expenses linked to the equipment is available.

**Interested? Have a look at [www.bewarejobs.be](http://www.bewarejobs.be)**

*Together, let's take up today  
the Walloon technological challenges of tomorrow*

This programme has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement 847587 - MSCA
